

## Prices & payment – Abisko Scientific Research Station (Abisko naturvetenskapliga station, ANS)

All prices below are given excluding VAT (exklusive moms).

### Accommodation prices

The prices below are given per bed per night (from 2022-04-01). Single use of a double room, when available, doubles the prices below.

Room/field hut	Up to 14 nights	From the 15th and onward
D-house (2–3 beds)	SEK 475	SEK 280
Carex/Culex (2 beds)	SEK 280	SEK 185
Carex/Culex (4 beds)	SEK 280	SEK 185
Salix (2 beds)	SEK 290	SEK 190
Field Huts	SEK 225	SEK 225

### Prices for lecture halls and meeting rooms

Space:	1 week	1 day	½ day
Lecture Theatre	SEK 4 000	SEK 1 000	SEK 500
Lecture Hall	SEK 2 000	SEK 500	SEK 250
Meeting Room (12p)	SEK 1 000	SEK 200	Not available
Meeting Room (6p)	SEK 500	SEK 100	Not available

### Bench fee

A separate bench fee, for the use of the station facilities, is paid only by visitors not staying at ANS and not related to SITES. This fee is SEK 75 per day.

### Labs, offices, and storage

There is no extra charge for the use of labs and offices for accepted projects. The same goes for storing of equipment, instruments, or samples, as long as a research project is ongoing.

### Car hire

The price per kilometre is SEK 4 (including fuel), plus a daily fee of SEK 100. For electric car the price per kilometre is SEK 2 (including charging), plus a daily fee of SEK 100.

### Transportation by boat

Within the Abisko Basin of Lake Torneträsk, a journey across the lake costs SEK 600, (max 6). Boat transportation is always on request and the price change depending on the destination.

### **Snowmobile**

Technician cost + snowmobile cost. This is always on request, and we need to know how many you are and the purpose. Example for a drive over to the other side of the lake is SEK 600.

### **Technical services**

When service provided by a technician is considered minor, there is no extra charge for it. However, if the support takes more than a couple of hours, the cost is SEK 2 700 per day and technician, this is also on request.

### **Catering**

If you need catering for a conference, course etc., this must be arranged by yourself (there are several caterers available in the Abisko area). Catering will be billed directly from the caterer to the organizer.

### **Payment**

The principle is “one project, one PI, one season, one invoice”. This means that the PI of a given research project, or organizer of a conference, field course etc. will receive an invoice covering all the costs pertaining to that “project” in that season. The invoice will be sent out some time after the project has ended (for the season). Of course, the invoice will be based on a specification listing e.g., who has stayed in what room when, and any extra services agreed upon and provided by the station.

For all requests, please contact [ans@polar.se](mailto:ans@polar.se)
